

Manitou Incline
Public Workshop #1
June 24, 2010

Instructions for Small Group Work

Each of your tables has on it a Small Group Response Form

1. First take a few minutes to review the list of issues handout, then identify any issues you believe are missing and put those on your Small Group Response form
2. Next, discuss as a group which 5 issues you think are most important to resolve through the Incline plan, and please be as specific as you can. Once your group has decided, please list the 5 issues on your Group Response Form.
3. Your next task is to reach consensus in your group about what you would most like to see when it comes to:
 - traffic and parking
 - trails and trailheads
 - operations and managementList those ideas on your Group Response Form
4. Please select one person from your group to verbally report your group's work once all groups are finished
5. We have lots of people here who can provide you with information, so if you have any questions, please raise your hand and someone will come to your table with answers
6. You have 45 minutes to get your work done. We'll let you know when 30 minutes have passed
7. If your group gets finished early, please go ahead and start on your Individual Response forms
